Description

Dear Parents/Guardians,

Many of your parents play a significant role in caregiving while you're at work. Their support in looking after your children is a tremendous blessing, and we want to provide them with the resources and support they need to excel in this crucial role. Care Corner Families For Life will

be conducting a series of onsite Chinese grandparenting seminars empowering grandparents with positive grandparenting strategies to help them:

- Confidently manage their grandchildren's behaviour
- Prevent the development of behavioural and emotional problems
- Build stronger and healthier relationships within the family

Seminar topics that we will cover:

22 Oct 2024

Session 1: The Power of Positive Grandparenting and Raising Confident and Competent Grandchildren

Key content: Grandparents will learn how to support their grandchildren using the five Positive Parenting Principles. The session includes practical application points and examples to help guide grandchildren through challenges and support their learning of new skills.

29 Oct 2024

Session 2: Raising Resilient Grandchildren

Key content: This session will focus on building emotional resilience in grandchildren and expanding their emotional vocabulary, with practical strategies and examples.

Encourage your parents to register for the seminars to enrich their grandparenting journey. They can register by clicking on the link below or scan the QR code found in the attached poster.

Care Corner will be sending you the confirmation email closer to the first seminar date. Please note that registration for the seminars will close on **4 Oct, Friday at 12pm**.

We look forward to your registration.

Thank you.

Yours sincerely,

Mrs Gillian Quek

Teacher-in-charge
